Stories from the
Rural Telecom Industry's Golden Age

Interview Questions/Conversation Flow

Tell me some of your personal work history within the telecom industry?

Call you tell me about the impact technological advances like the intro of channel banks/pulling out copper/fiber/digital/RSA lottery/triple play had on your company?

What experiences/technologies/people will you always remember about the earlier days?

What characteristics or elements do you miss the most about the industry from days gone by?

What are your thoughts on the current state of the industry - good and bad?

One prediction for the future?

What would you like to talk about that I haven't asked you?
